Glut in Fertiliser Industry

317. SHRI M. S. GURUPADASWAMY: Will the Minister of AGRICULTURE be pleased to state:

(a) whether it is a fact that there is a glut in the fertiliser industry;

(b) if so, what are the reasons therefor;

(c) whether production of fertilisers has also fallen as a result thereof;

(d) if so, what was the production during 1988;

(e) whether this has resulted in the import of fertilisers; and

(f) if so, what was the quantity of fertilisers imported during the last three years?

THE MINISTER OF STATE IN THE DEPARTMENT OF FERTILISERS IN THE MINISTRY OF AGRICULTURE (SHRI R. PRABHU): (a) and (b) The supply of nitrogenous fertilisers in the country is very comfortable, but import of phosphatic and potastic fertilisers continues as the country does not have adequate sources of raw material for the manufacture of phosphatic fertilisers and virtually no source of potastic fertilisers (Muriate of Potash).

(c) and (d) The indigenous production of nitrogenous and phosphatic fertilisers has been increasing over

the years as may be seen from the table below:—
